PRODUCTOS QUE NACEN Y CRECEN EN CASA

*Products that are created
and grow at home*

Nuestros productos nacen y crecen en VIGAR. Desde los primeros bocetos de su diseño hasta el packaging final, pasando por la fase de moldes, prototipos, testeado...

Los distintos departamentos especializados llevan a cabo un exhaustivo control de cada fase, detectando posibles contratiempos y corrigiéndolos a la mayor brevedad, para llegar en perfectas condiciones a la producción final.

Todo ello nos permite, además, adaptarnos a las necesidades y

exigencias de nuestros clientes y poder crear cartas de colores y estampados exclusivos con su etiquetado personalizado.

Además, con un claro objetivo de ampliar nuevos horizontes, contamos con nuestras propias factorías en Ningbo, al este de China, desde donde podemos distribuir directamente a nuestros clientes alrededor del mundo.

Solamente con el control de todo el proceso productivo podemos garantizar la máxima calidad y garantía. Solo así podemos ser VIGAR.

Our products are born and raised in VIGAR. From the first sketches of its design to the final packaging, going through the molds, prototypes, testing phase...

The different departments carry out an exhaustive control of each phase, detecting possible setbacks and correcting them as soon as possible, in order to arrive in perfect conditions to mass production.

Thanks to this, we are able to adapt products to the needs and demands

of our clients and create color charts and exclusive prints with their personalized labeling.

In addition, with a clear objective to expand new horizons, we have our own factories in Ningbo, east of China, from where we can distribute directly to our customers around the world.

Only with the control of the entire production process can we guarantee the highest quality and guarantee. Only then can we be VIGAR.

UN PASO MÁS EN MATERIA DE INNOVACIÓN

One more step in terms of innovation

La colección Hergo crece en términos de innovación, optimización y utilidad con su nueva gama de cepillos lavaplatos intercambiables, que mantienen el mango ergonómico de goma característico, para un agarre suave y cómodo.

La solución a todas las necesidades para la limpieza en el fregadero. Un solo cepillo y múltiples opciones para limpiar todo tipo de superficies y materiales. Gracias a su sistema intercambiable, este cepillo lavaplatos puede convertirse en un estropajo metálico o en un delicado cepillo para lavar la cristalería, simplemente pulsando el botón redondo de la parte superior. Los recambios disponibles son de fibras de nylon, de mezcla de suaves fibras sintéticas y pelo de caballo, de estropajo metálico o de estropajo de fibra y esponja.

Completan la nueva gama de novedades una rasqueta para vitrocerámica y placa de inducción y una esponja de doble uso para limpiar y secar con el máximo cuidado.

The Hergo collection grows in terms of innovation, optimisation and utility with its new range of interchangeable dishwashing brushes, which maintain the characteristic ergonomic rubber handle for a soft and comfortable grip.

The solution to all sink cleaning needs. A single brush and multiple options for cleaning all types of surfaces and materials. Thanks to its interchangeable system, this dishwashing brush can be turned into a metal scouring pad or a delicate brush for washing the glassware, simply by pressing the round button on the top. The spare parts available are made of nylon fibres, a mixture of soft synthetic fibres and horse hair, a metal scouring pad or a fibre and sponge pad.

The new range of novelties is completed by a ceramic hob and induction cooker scraper and a double-use sponge for cleaning and drying with the utmost care.

UNA COLECCIÓN QUE NOS DEFINE

*A collection that
defines us*

Nació como un símbolo en sí misma, partiendo de algo tan natural como una flor: cuatro pétalos, un tallo, dos hojas.

Así, desde hace ya más de 10 años, Flower Power se ha convertido en una seña de identidad VIGAR, que nos define por su frescura, colorido y alegría. Un pedazo de naturaleza lleno de color que crea experiencias dentro y fuera de la casa.

It was created as a symbol in itself, starting from something as natural as a flower: four petals, one stem, two leaves.

Thus, for more than 10 years now, Flower Power has become a hallmark of VIGAR, which defines us with its freshness, colour and joy. A piece of nature, full of colour, that creates experiences inside and outside the house.

UN GRAN ÉXITO QUE PERDURA EN EL TIEMPO

*A great success that
lasts over time*

Ya desde su lanzamiento supuso un impacto tal que llegó incluso a aparecer en televisión. Una colección de artículos para la limpieza del hogar reivindicativa, divertida y simpática a partes iguales.

Así es Beso Bandera, con una personalidad genuinamente VIGAR que impregna todo aquello que toca.

Since its launch, it had such an impact that it even appeared on television. A collection of items for the cleaning of the home, claiming fun and friendliness in equal measure.

This is Kiss Flag, with a genuinely VIGAR personality that permeates everything it touches.

FELIX ES TU FIEL COMPAÑERO EN LAS TAREAS DEL HOGAR

Felix is your faithful companion in the housework

Felix es un protagonista camaleónico que igual adopta la forma de un plumero de microfibra como de un cepillo lavaplatos que desprende una dosis de jabón al presionarle la barriga.

Un simpático personaje que da nombre a una colección en la que la utilidad y la calidad conviven con la diversión y el buen humor.

Felix is a chameleon protagonist who takes the form of a microfibre duster like a dishwashing brush that provides a squirt of soap by pressing on his belly.

A lovely character who lends his name to a collection in which utility and quality coexist with fun and good humour.

TAULA, PARA TODOS LOS DÍAS *Taula, everyday*

Con el concepto taula (mesa, en catalán) viene implícita una manera de vivir, basada en disfrutar de los pequeños detalles, de compartir momentos en un entorno acogedor y relajado.

La colección Taula emana de esa filosofía y, evidentemente, lleva dentro el ADN de **Vigar** en el que la creatividad, la funcionalidad y la innovación se alían para crear objetos de sobremesa fabricados en plásticos de la más alta calidad que no pasarán desapercibidos.

With the word taula in our minds (table in Catalan), a way of living is implied. It is based on enjoying little things and sharing moments in a cozy and relaxed environment.

*Taula Collection emanates from that philosophy. It carries **Vigar's** DNA, along with its creativity, functionality and innovation, which come together to create high quality plastic desktop objects that will not go unnoticed.*

REINVENTAMOS TRADICIONES

Maid forever

Con la mirada puesta en una labor tan tradicional como el punto nace Maid, nuestra nueva colección de mesa hecha en silicona que interpreta de una manera muy personal aquellos trabajos hechos con tanto cariño y dedicación. Maid ofrece una amplia gama cromática y destaca por su tacto suave y agradable.

Toda una declaración de carácter llamada a perdurar en el tiempo.

Looking to traditional activities as knitting, Maid is born. Maid is our new tableware collection made of silicone. It interprets, in a very personal way, those knitting objects which were made with love and dedication. Maid is offered in a wide chromatic range and stands out for its soft and pleasant touch.

It is a statement of principles which is called to last over time.

Flower Power fue un eslogan usado por los hippies a finales de los sesenta y principios de los setenta como un símbolo de la ideología de la no violencia.

Nuestro Flower Power nació como un símbolo innato, como una filosofía natural partiendo de algo tan simple como una flor. Cuatro pétalos, un tallo, dos hojas... Un pedazo de naturaleza llena de color que crea experiencias dentro y fuera de la casa, y hace que los hábitos se realicen con entusiasmo y maestría.

Flower Power was a slogan used by hippies in the late sixties and early seventies as a symbol of a nonviolence philosophy.

Our Flower Power Collection was born as an innate symbol, as a natural philosophy that was based on something as simple as a flower. Four petals, one stem, two leaves... A colorful piece of nature that creates experiences inside and outside the house and gets housekeeping done with more enthusiasm and mastery.

La colección Dolls es nuestra niña bonita. Nuestras niñas mimadas.

Esta línea surgió de la necesidad de encontrar siempre esa cara sonriente en los momentos que más la necesitas. Un ápice de alegría en las rutinas diarias, una mirada cómplice en lugares inesperados de la casa, un gesto amable y dulce que siempre acompaña.

Nuestras niñas se hicieron grandes y, con ellas, vinieron otras (y otros) más. Pero siempre con la misma felicidad que las caracteriza.

Dolls Collection is our pet, our favorite.

This line was born from the need of always finding that smiling face in the moments that you need it most.

They are joy in our daily routines, a complicit gaze in the unexpected places of the house, a kind and sweet face that is always with us.

Our dolls grew up, and others –girls and boys– came, but always bringing the same happiness.
